

a Catholic campaign to
transform communities.

one by One: a Catholic campaign to transform communities seeks to promote God's love in hearts throughout the entire Diocese of Green Bay. Through strengthening our vibrant parishes, enhancing Catholic education in all forms, broadening charitable and living justice programs, providing for those who serve, creating a community that leads others to Jesus, and providing for technology and communication upgrades, the **one by One** campaign will provide immediate and transformative support.

The Diocesan Case:

The responsibility is now ours through the one by One campaign to transform and enhance:

Vibrant Parishes: \$30,000,000

Strengthening the impact of individual parishes within their local communities.

Catholic Education into Schools of Discipleship: \$19,075,000

Ensuring our education programs are rigorous, relevant and infused with Catholic teachings for years to come.

Our Charitable Programs to Bring More People to Jesus: \$6,050,000

Caring for those in need to bring more people to Jesus.

Support for Those Who Ministries: \$8,285,000

Strengthening our ability to attract, train and care for those at every age who are exploring their faith and vocation to God.

Communities of Missionary Discipleship: \$3,590,000

Strengthening Catholic evangelization resources and ministry programs throughout the Diocese.

Communication and Technology Strategies that Promote Mission: \$3,000,000

Enabling the Diocese to more effectively spread the Good News.

The Fundraising Plan

Prayer—With God's help, anything is possible.

Personal Visits — Most effective way of raising funds.

Pledges—We encourage pledges be fulfilled over a three-year period.

Proportionate Requests—Equal sacrifices, not equal gifts.

Phase-by-Phases Approach—There are three distinct phases to the campaign.

St. Paul says, "What is it we have, that we have not received from the Lord?" (1 Cor. 4:7)

God loves a cheerful giver. (2 Cor. 9:6-7)

Holy Trinity Parish Case:

Create a Sacred and Welcoming Environment

We are blessed to have a beautifully simple parish. As our church building is aging, the windows in the sanctuary are beginning to deteriorate with cracks beginning in the glass and window sills that are chipping. With the need to replace the windows soon, this is a great opportunity to upgrade to stain glass windows in the worship space. The addition of five stained glass windows will enrich the beauty and peacefulness of the faith in our parish.

Create a Part-Time Youth Minister Position

Reaching out to our young parishioners will ensure they can remain connected to their faith throughout their life. By creating a part-time youth minister position, our parish will be better equipped to serve those in our community who are at the beginning of their faith journey. This position will be shared with St. Gregory Parish to create a full-time position between both parishes. These efforts will help bring Jesus to more people and build the future of our church.

St. Gregory Parish Case:

Establish Rachel's House and Joe's Garage

Both Joe Litz (19) and Rachel Peterson (17) were young, active members of our parish living their faith through regular Mass attendance, serving in ministry, and witnessing to family and friends. These young adults were leaders among their peers and others they encountered. Their lives were great examples of their faith in action, putting others before themselves.

As Catholic, we are all called to love and serve others. The vision of The Rachel House and Joe's Garage is to provide a means to assist families with temporary housing when they are in greatest need of open arms. This facility, to be located in the former daycare building, reaches out to serve the surrounding communities. It is an opportunity for us to live our Catholic faith in helping our neighbors as Jesus commanded.

Create a Welcoming Parish Environment

The first impression our parish makes for visitors and prospective parishioners is important in welcoming more to hear the message of Jesus. Renovation updates will include:

- The parking lot will be repaved to improve accessibility and safety for all.
- The terrazzo floor will be refurbished to maintain its beauty and function for years to come.
- Air conditioning will be added to the church building to improve comfort for all who enter.

Create Part-Time Youth Minister Position

Create Full-Time Liturgy Director Position
